

Asian Educational Institute (Mandatory Information)

Vision

To provide affordable quality education to all, promote morality and sobriety of life, inculcate values in the students, identify their hidden talents and provide them opportunities to realize their full potential and thus shape them into responsible citizens and good human beings

Mission

To provide affordable and holistic quality education to all

History

Asian Educational Institute, affiliated to Punjabi University, Patiala, was set up in the year 2010-11 to impart quality education in the field of Science, Commerce, Education, Humanities, Mathematics, Management and Computers. It has developed in to a premier Institution and ever since its inception, it has grown tremendously. In the academic field, for the last ten years, our students are performing very well. About 100 students every year scored 80 percent marks in University Examinations. Our Education College has always made us proud by giving cent-percent results every year. Making our students globally competitive is the need of the hour and with the same idea; we conduct classes of French language especially for the students of management and computer studies. Service to the community is the hallmark of the Management of this College.

NSS Camps, blood donation camps, marriage of poor girls, extension lectures by renowned social workers have been organized in the past by the College to encourage students so that they can work for upliftment of the society. The sportsmen of the College have made a mark on the global map. Students have won the medals at International, National, State and University Levels. The glorious tradition of the College has been maintained by holding National and International seminars, youth festivals, educational tours, interactive sessions, communication and personality development classes, quiz contests etc. The 'Counseling Cell' of the college provides guidance for placement and career

opportunities. Till now, fifteen leading companies visited our college and selected a sizeable number of students. Our greatest strength is the outstanding faculty of our College. The teachers do research and publish extensively, present papers at conferences organized worldwide, win accolades and yet consider themselves as a teacher, first.

Thus, a good institution typically depends on what you value the most. Furthermore, we stand committed to our motto, "*Knowledge is Power*" and cultivating knowledge experts is not only a slogan for us, it is our agenda, we exist for people not for profit.
